# **Anycubic Kobra S1 Combo 3D Printer**

LKR 323,874.00

# **Anycubic Authorised Reseller**

- 6-Month Warranty Included for worry-free operation.
- Ultra-Fast Printing Speeds: Achieve impressive print speeds of up to 600mm/s,

allowing for rapid prototyping without compromising quality. **Vibrant Multi-Colour Printing:** Create stunning, multi-coloured models with support for 4 or 8-colour printing, adding a new dimension to your projects.

- **High-Temperature Capabilities:** The 320°C hotend and 110°C heated bed enable printing with a wide range of filaments, including PLA, ABS, PETG, TPU, and ASA.
- Whisper-Quiet Operation: Experience a peaceful printing environment with noise levels as low as 44dB, making it suitable for home and office use.

# **Anycubic Kobra S1 Combo**

If you're on the hunt for a 3D printer that blends ease, precision, and versatility, the **Anycubic Kobra S1 Combo 3D Printer** is a game-changer. Designed to deliver stunning details with minimal hassle, this machine is perfect whether you're just getting started or pushing the boundaries of your 3D printing projects. The combo kit gives you everything you need to kick off your creative journey, all packed in a sleek, sturdy frame that makes setup a breeze.

What makes the **Anycubic Kobra S1 Combo 3D Printer** stand out? It's the smart features — like the Ultrabase Pro heated bed that grips your prints firmly but releases them easily once cooled, plus a high-precision dual-gear extruder for smooth, reliable filament feeding. You get top-notch speed without sacrificing quality, and with Master3D's assurance, you know you're getting a machine built for serious performance. Whether you want detailed prototypes, functional parts, or artistic models, this printer has you covered.

#### **Key Features**

- Ultrabase Pro heated bed for strong adhesion and effortless print removal
- Dual-gear extruder for consistent filament feeding and fewer clogs
- Large build volume of 250 x 250 x 250 mm for bigger projects
- Automatic bed leveling to save time and avoid print errors
- User-friendly touchscreen interface for easy navigation and control

Looking for reliability and precision in one package? The **Anycubic Kobra S1 Combo 3D Printer** is a smart investment that won't disappoint. Its thoughtful design takes the stress out of 3D printing while delivering excellent results every time.

#### **FAQs**

## 1. Q1. How easy is it to assemble the Anycubic Kobra S1 Combo 3D Printer?

Assembly is quick and intuitive thanks to the well-designed kit and clear instructions. Most users have it up and running within 30 minutes.

# 2. Q2. Can I use different types of filament with this printer?

Absolutely! The Kobra S1 supports PLA, ABS, PETG, TPU, and other popular filaments, giving you plenty of flexibility.

## 3. Q. Does it support multi-colour printing?

A. Yes The Kobra S1 Combo version is support multi-colour printing, the Kobra S1 Combo version includes the ACE Pro module, enabling 4- to 8-colour printing.

Grab yours now at *Master3D* and start turning your ideas into reality with ease and precision!

Feature	Details

**Printing Technology** FDM (Fused Deposition Modeling)

**Build Volume**  $250 \times 250 \times 250 \text{mm}$ 

**Leveling System** LeviQ 3.0 Auto-leveling with Z-axis offset

**Extruder Type** Dual-gear direct drive extruder

**Nozzle Diameter** 0.4 mm (standard); supports 0.2/0.6/0.8 mm

**Maximum Print Speed** Up to 600 mm/s

**Recommended Print Speed** 300 mm/s

**Maximum Acceleration** Up to 20,000 mm/s<sup>2</sup>

**Hotend Max Temperature** 320°C **Bed Max Temperature** 110°C

Filament Compatibility PLA, ABS, TPU, PETG, ASA

Filament Diameter 1.75 mm

Build Surface

Ultrabase Pro - textured glass platform with excellent

adhesion

ConnectivityUSB Type-C, microSD card, LAN, Wi-Fi, CloudInterface4.3-inch color touchscreen (800 x 480 pixels)

**Power Input** AC 100-240V, 50/60Hz

**Machine Dimensions**  $400 \text{ mm} \times 410 \text{ mm} \times 490 \text{ mm}$ 

**Machine Weight** 18 kg (approx.)

**Feature** Details

**Package Dimensions** 490 mm  $\times$  484 mm  $\times$  593 mm

**Package Weight** 25.9 kg (approx.)

**Noise Level** ≤44 dB (Quiet mode), 46 dB (Standard mode)

Operating System Compatibility Windows / macOS / Linux

Slicing Software Anycubic Slicer, Cura, PrusaSlicer, Simplify3D

Special Features Resume printing, filament runout sensor, modular

cable management system
