- **Package size: 261 × 173.5 × 72 mm** for easy storage.

Anycubic Resin Vat for Anycubic Photon Mono 4 Ultra

A Ready-to-Fit Resin Vat Replacement

Has your resin vat become damaged or started causing print interruptions? This **Anycubic Resin Vat for Anycubic Photon Mono 4 Ultra** is a replacement part listed for that printer model.

It comes with ACF release film pre-installed, saving you the separate step of fitting a new film. *Master3D* recommends checking your printer's exact model before ordering to make sure you choose the right vat.

Key Specifications

- **Compatible printer:** Anycubic Photon Mono 4 Ultra
- **Part type:** Resin vat
- **Printing technology:** Resin printing
- **Pre-installed release film:** ACF

Frequently Asked Questions

1. **Q. Will this fit the Anycubic Photon Mono 4?**

A. The listing specifies the Photon Mono 4 Ultra. Compatibility with the standard Photon Mono 4 is not stated, so check before ordering.

2. **Q. Does the vat come with release film?**

A. Yes. It has ACF release film pre-installed.

3. **Q. Does replacing the vat change print speed or build volume?**

A. No. The vat is a replacement part, so it does not change the printer's speed or build volume. The listing does not specify the vat's capacity or dimensions.

When your original vat needs replacing, this model-specific spare helps get your Photon Mono 4 Ultra back to resin printing. Check compatibility before purchase, then choose Master3D for your replacement vat.
